

At the American Village, we always wake up at 8 o'clock and we get dressed. After, we have breakfast, we usually eat cereal with hot chocolate and cookies; except the last day, we eat bacon, omelet and pancakes. Then at 9 o'clock we brush our teeth. At 9:15 we have ESL (English as Second Language), we learn about the big

American monuments, the past and vocabulary. Then there is recess at 10:15 until 10:30. After, we have ESL again. In the class we sometimes listen to music and we are in socks. After, we have Congress during one hour: we watch staff shows and we do little games,

then we go to lunch. During the lunch and dinner, we eat with our team and never with the students of the other teams. During chill out, we often play Frisbee, jumping rope and basketball. At 2 pm we do Activity 1: baseball for example. The snack is at 3:15 pm. After snack, there is another activity: it's a manual activity: build a little Golden Gate Bridge for example. Then we have free time: during one hour we do

the same activities as during chill out but we can also buy gifts, souvenirs, food and we can use our phone to call our parents. At 6 pm we always take a shower. After, we have dinner with our family. Every Evening Program is different: for example on Wednesday it's camp fire and on Thursday it's party! After we brush our teeth at 9:15 and we go to bed 15 mn later. After being in bed, Mrs Dovez sometimes comes to read a story for sleeping.

At the American Village, we prefer the sport activities.

After, we normally brush our teeth. Then we have lessons during one hour at quarter past nine. We learn about monuments, the western vocabulary... after recess and at half past ten we have

another lesson. Then we always have Congress. Then we have lunch at half past twelve. After chill out, we often hula hoop. We start Activity 1 at two o'clock. Then we have a snack at quarter past three. We sometimes start Activity 2 at half past three until five o'clock. Then we have free time when we can hula hoop. Then we take a shower at six o'clock. After we have dinner. Then we have the Evening Program: we play games, we watch the sketches of the counselors from eight o'clock to half past nine. After, we brush our teeth and after we go to bed. After, we sometimes chat and then we sleep.

The American Village is very good!!!

At the American Village, we always wake up at 7:30 and get dressed. Every day, a different "family" sets and clears the table: it's "kitchen duty". Every morning, at 8:15, we have breakfast, we eat cereal and milk, cookies and orange juice. Then, we brush our teeth and our hair. When we have finished, we go to ESL 1 class at 9:15; we learn about monuments and vocabulary about cowboys and Native Americans. We have recess from 10:15 to 10:30 and then ESL 2 class. After, everybody goes to Congress to watch the sketches of the counselors from 11:30 to

12:30. The "family" on kitchen duty sets the table and we have lunch. After, we have chill out time, to play outside. Then we have Activity 1, we have a snack and another Activity from 3:30 to 5 pm. Everybody has free time at 5pm, we can play balls, jump rope, hula hoop and call our family and buy souvenirs and candy. Every day we take a shower and we have dinner and "mini competition". At Evening Program, we do a little game or counselors give funny shows. Finally we go to bed. Before going to sleep, we laugh and talk with our friends.

What I preferred at the American village is the dinner because my "family" and me speak with Jello and Zinc. They have taught English to us and we have taught French to them. The mini competition is so good!

The moments I preferred are the activities because we play in groups. I also liked free time because we can do what we want, we can play the ball or hula hoop, we can call our family.

My favourite moment is the breakfast with friends, I love cereal and cookies.

At the American Village, every day we get up before eight o'clock. We get dressed and we have breakfast, we generally eat cereals, milk, hot chocolate and toast. We seldom eat pancakes, bacon, scrambled eggs and maple syrup. We are sometimes on "kitchen duty": we set and clear the tables of the Hard Rock Cafe. At the end of breakfast, we go to our bedrooms to brush our teeth and tidy our bedrooms. We go to English lesson at 9:15 during one hour. For example, we learned about the famous monuments of the United States: the Statue of Liberty and the Grand Canyon. After English lesson, we have fifteen minutes of recess. The

second English lesson finishes at 11:30, then we have Congress. For example, we do the daily challenge, it's a competition between the counselors, the teachers and the campers. After Congress, at 12:30, it's lunch time. Food is always delicious. After lunch, we must go back to our bedrooms to brush our teeth and we sometimes put on our sports clothes for sport activities such as baseball. The first activity is from 2 pm to 3:15. After the first activity we have a snack: we eat with our "family" (the volcanoes, hurricanes, earthquakes and tornadoes). Then it's time for the second activity until 5 o'clock. After, it's free time. We can use our

cellphone to call our family. If we are thirsty or hungry, we can go to the general Store and buy candy and sodas. Then it's shower time! We have one hour to take a shower. Now, we go to the Hard Rock Cafe and we wash our hands first. After dinner, we play the "mini competition": we must do a mini show with our family related to the theme of the day. Then it's Evening program: we usually see a sketch and we play games. On the Friday night, we have a boom! We can dance, sing and eat a lot of candy! At 9 o'clock, we go back to our bedrooms, we put our pajamas on and before sleeping we chat with our friends, we say goodbye and it's time to

sleep!

My favorite moment is the 'Boom' with our friends.

My favorite moment is the Congress and free time because it's very cool with our friends.

My favorite moment is the breakfast because we can meet our friends.

At the American Village, every morning we wake up before 8 o'clock. We have 15 minutes to get dressed and then we have breakfast at 8:15. We can have orange juice, cereal with milk. After breakfast, we return in our bedroom to brush our teeth. At 9, our English lesson starts. During one hour, we learn vocabulary but also Michkla, our counselor, tells us how to make a school hat or tells us about American cinema (like westerns). Around 10:15 we have a 15-minute break so we can play with our other friends who are in other groups. At 11:30 we go all together to the Congress where the counselors perform a little show about the theme of the day during one hour. For lunch, we join our family and after we can play altogether until 2pm. In the afternoon, we have 2 different activities. The first one is more sporty. We play baseball for example. The second one is more manual, like the creation of a "spirit eye". It's great because we can take it back home after our week. Then, at 5 pm it's free time! We can go to the General Store to

buy gifts, souvenirs or sweets. And it's also time to phone our family. One hour later, the free time stops and we have to take our shower to be ready for dinner at 7 pm. The food is good: burgers, bacon, chips... but also some vegetables!

The evenings are funny at the American Village: the counselors (Michka, Pixie, Jello, Momo...) make a show or organize a party. Around 9:30 we brush our teeth and go to sleep.

It's difficult to choose my favorite moment of this week because everything is funny. But the manual activities are really funny and interesting and we can take them home to show our creation to our family.
